Brothers,

I would like to express my heartfelt gratitude for all the expressions of caring and support that my family and I received from the brothers of Rho Beta Beta when my Mother passed away on New Year's Eve. My siblings and I appreciate each one of you. They, my siblings, got a better understanding of what friendship is all about.

You can be sure that I will miss my Mother and I think about her every day. But we know that we cared for her throughout her long illness. She was very sick for a very long time. For the greater part of the last three years, Mama was bedridden without the ability to speak or move on her own. Also during that time, one of her children was with her 24 hours a day, seven days a week. We take solace in the fact that she is no longer suffering and in pain. We have many good memories to hold and share and we will be okay going forward.

Thanks again for the calls, the texts, and your presence at Mama's home going celebration. You showed once again that Friendship Is Essential To The Soul and essential to life.
