| 3. Mike Benford | 12. Thomas Sieh |
| 4. Larry Woods | 13. Cedric Clemons |
| 5. Carlo Fontenot | 14. Tony Williams |
| 6. Spergeon Holly | 15. Fred Maxie |
| 7. Jason Richards | 16. Scott Harrell |
| 8. Leonard Hawthorne | 17. Reginald Simon |
| 9. Chad Chadwick | |

The first topic discuss on the call was how to go about evaluating the candidates. There was good dialogue about the topic and several ideas for evaluating candidates. Were discussed. Listed below are the evaluation processes agreed upon by the body.

1. Have candidates fill out a questionnaire: What do the four cardinal principal mean to them? How do they think they can improve or add value to one of the chapter events they've attended? What do they think they can bring to the chapter?
2. Have candidates sign in and sign out of chapter events that they attend.
3. What type of community service or volunteerism have they done or are currently doing?

Our next topic of discussion was what should qualify a brother to be a sponsor in addition to being a fully financial member. Brother Cedric Clemons suggested that a brother's worthiness to sponsor a candidate should be based upon his work in the chapter as well as his fellowship with the brothers. There were several other suggestions about how to evaluate a brother's worthiness, but after much debate it was suggested by Brother Surgeon Holly that we should table the discussion until will speak to legal counsel about what we can and cannot do outside of the guide lines the fraternity has already set for being an eligible sponsor.

Also discuss in this first MSP committee conference call was the pre-screening of candidates. It was agreed we should request transcripts as well as have the candidate's get background checks. By requesting these items from the candidates before the process we can deal with any potential eligibility issues before the MSP process begins. We then had closing prayer and the meeting was adjourned around 8:20pm.
